

ARKAHLIC REVOLT

Online Press Kit

Up until recently the world of metal seemed to be suffering from a stagnant existence, drained of its primal energy. Due to this lack of exuberance, a full-fledged assault of old-school thrash has emerged.....

Its newest warmonger, Arkayic Revolt, promises to prove their namesake and deliver an abrasive beating to non-believers. Born in pre-apocalypse 2008, Arkayic Revolt was the offspring of an overwhelming need to thrash and the thrill of the mosh, conveying their brand of thrash metal to the masses. Spearheading the Revolt is:

Darryl Fletcher - Lead Vocals, Guitars, Studio bass
Mike Hartigan - Backing Vocals, Guitars
Brett Swan - Backing Vocals, Drums
Chris DeCandido - Bass Guitar (live)

Hailing from the stifling, industrial border city of Windsor, Ontario, Canada, the method to Arkayic Revolt's sonic madness is a cess pool of various metal ingredients. They have learned

their war craft from Bay Area forefathers such as Testament and Exodus, while perfecting it with skills from European thrashers such as Destruction and Artillery.

Carrying the thrash flag into battle is the very brink of their mission. Hauling it beyond the frontline and leading the charge into the lungs of hell is their destination.

Stand up and join the revolution with Arkayic Revolt,
or be CRUSHED BY THE WEIGHT OF ITS STEEL!
